Good email Andy. Thank you.

I discussed the claim with Malcolm and he had some thoughts which i know he wants to discuss with you.

As always we appreciate your help.

Best regards,

Nicholas

Dear Sirs

I am writing regarding the above claim, which Davies Group is currently handling.

We are appointed by Mr and Mrs Scarr to assist them with the management of the claim.

The loss has been traumatic for Mr and Mrs Scarr and particularly for Mrs Scarr, who has seen her GP for the stress caused.

Unfortunately, the management of the claim by Davies Group has added to our client's stress, despite their awareness that Mrs Scarr has sought medical advice due to the incident.

Communication has been below the acceptable standard, including significant delays in payments being made due to reports not being submitted on time.

I have raised my concerns with the Davies Group and had a conversation with the Loss Adjuster's Line Manager, who assured me that the claim would receive more regular reviews. However, my discussion with Davies Group's Claims Handlers suggested this was not

the case.

I called Davies yesterday to discuss three key areas:

Dual Insurance - Our client has discovered a second insurance policy covering his property. He has advised the other insurance company (Policy Expert) and wrote to Davies on June 30 2025, informing

them

of the dual insurance. Davies has advised me that they were in communication with you regarding the issue. However, when speaking to the claims handler yesterday, I was informed they have no record of any communication between yourselves and Davies Group on

this matter.

Further enabling work - Davies Drying Company Bio Response attended the property last Wednesday and advised our client that further strip-out is required. Davies were informed promptly, and I submitted

a strip-out estimate from Mr Scarr's contractor over the weekend. As of yesterday, no progress has been made regarding the additional enabling, and drying is stalled, pending confirmation to proceed with the variation.

Decontamination/Sanitisation - This area is particularly sensitive as Mrs Scarr has previously suffered from a grave illness and is concerned she is vulnerable to infection from pathogens. I provided Davies

Group with an email (see attached) on July 4, 2025, and requested that it be discussed with yourselves. I was advised by the claims handler yesterday that

no communication has been made with yourselves regarding this matter. Furthermore, I wrote to the Loss Adjuster on June 22, 2025, asking for the results of the Bioresponses ATP test; however, these have never been provided.

I was advised by Davies yesterday that an adjuster hasn't reviewed the claim since June 25 2025.

Mr & Mrs Scarr are quite rightly deeply frustrated by the way they have been treated.

Can you discuss this matter with the Davies Group and ask that a suitable member of staff be appointed to handle this claim?

Could you review the elements of the claim detailed in this email and respond ASAP?

Regards

Andy Lyne
