Subject: Appointing builder and outstanding payments

Hi Sarah,

Following our call on Friday, I had expected that, by today, we would have received approval to appoint the builder and that the outstanding payments would have been released.

As of now, no funds have come through, and I've had no indication of progress. This is extremely disappointing, especially given the urgency and clarity of my email last week.

It's concerning that we appear to be no further forward. I would appreciate a clear update as a matter of urgency and expect confirmation that these issues are now being actioned.

Please could we speak first thing tomorrow morning? Your prompt attention to this matter would be appreciated.

Best regards,

Nicholas
