Hi Nick

I hope you're well.

I read the pest control report, and it appears part of the issue is a collapsed drain, which may be a second loss, although the flooding has also contributed to the damage.

I propose forwarding the report to Lizzie for her to review and advise what damage relates to the current loss and if a second claim needs to be made.

I spoke to Lizzie late on Friday regarding the strip-out and she has discussed with Bio Response and will provide me with a response to the extent of the strip-out. In the meantime I'd like to speak to the builder who has recommended full height strip out of the walls to understand if he believes this is essential or not. I have purchased a copy of the standard (BS 12999:2015) and it doesn't provide guidance to the extent of strip-out needed.

Regarding the contents pack-out, Lizzie has advised Bio Response will be undertaking this w/c 12th May and I'm awaiting a firm date.

Regarding the payment on account, Lizzie has confirmed she has drafted a report to the insurers for the funds to be released and she expects money to be with you w/c 12th May.

Best Regards

Andy
