Subject: Qlaim 1816 N Scarr - Update

Morning Nick,

I hope you're well.

Just a quick update regarding your claim.

I had a lengthy discussion with Lizzie's line manager (Natalie) yesterday regarding your claim.

Natalie advised me that they operate on five working days to reply to communications and review the claim every 10 working days. I've advised Natalie that this isn't being met, and also, these KPIS are not appropriate with regard to your claim. I have been informed that your claim will be reviewed on a more regular basis going forward.

Bio Response has been approved to undertake the Indoor Air Quality testing. Apparently, the problem with this approval was that Bio Response did not include the cost.

Natalie will chase the bio response for the testing to take place and also provide an update on your overdue BER contents.

We talked about the reinstatement of your property, and I know we need to confirm the situation with the testing upstairs before a schedule of work can be created. Will you want to use a contractor of your choice rather than a contractor supplied by the Loss Adjuster? Natalie has advised that once drying has been completed, they will ask one of their contractors to attend and scope for reinstatement to enable them to provide a comparative cost.

I have raised the concern regarding electrics and foundations and am awaiting a response.

Any news regarding the pest controller's costs?

Best Regards

Andy Lyne
