Hi Andy/Simon

Please see below an email that I have had from Silks concerning payments.

I am not surprised they moved in very quickly without an upfront deposit contrary to their terms of business. They did so they could get the house ready for Maclennans and have now discovered Maclennans are not starting because they have not also had a deposit.

Simon, I am sorry to involve you, but this is clearly an unacceptable position. It is critical we get this back on track quickly.

I know Andy was reaching out to you as well but not sure if you have spoken as yet.

Best regards,

Nicholas

Subject: Payments

Good afternoon Nicholas,

I am writing to formally follow up on the outstanding payment against the preparation works, which have been completed, also for the deposit for the reinstatement works which are underway.

The payment for the preparation works was due upon completion of these works, to date we not received the payment, nor any confirmation as to when it will be made, the deposit for the reinstatement works was due prior to commencement of works, again nothing has been received.

Please arrange for both payments to be made immediately, if we do not receive payment by return we will have no option other than to suspend any further works and review our position.

Look forward to hearing from you.

Kind Regards

Mark Crockford
