Subject: URGENT Invoice INV-1500 from Quantlogic Global Ltd approaching 90 days overdue.

Hi Pranali,

Further to my previous emails concerning the above invoice detailed below, I would be grateful if this could be paid urgently as it's close to 90 days overdue.

As you know the original invoices were miscalculated at $1,000 including VAT and should have been calculated at $1,000 excluding VAT. You asked me to invoice you for the correct figure which I have done.

I would be very grateful if these invoices could be paid by return.

Many thanks Pranali.

Nicholas

$3,200.00 due 17 Apr
INV-1500

Hi Pranali,

I am following up on my email dated 3rd April where I attached our invoice INV 1500.

I have done a list of invoice numbers totaling $16,000. These represent 16 individual quarters on Airain that were charged at $1,000 per seat inclusive of VAT as opposed to excluding VAT. These were issued between 7th December 2019 and 21st July 2022 and represent the period of the 3Q 2019 and 1Q 2021. One invoice issued on the 7th December 2019 says it was in respect to 2Q2019 but this was a typo as we had invoiced you for the Q22019 on the 15th of September for 2019.

These should have been invoiced at $1200 per seat not $1,000 being a $200 difference per seat. Over that time we had 16 seats invoiced so the total additional cost is $3200.00 including VAT.
The amount outstanding of USD 3,200.00 was due on 17 Apr 2023. I have updated the invoice as it was showing GBP and not USD in the totals although all the correspondence referred to $.

View your bill online: https://in.xero.com/WvwpzcBqyDabc39jHanD5Sv5t9icMPhr5pz11yJI

From your online bill you can print a PDF, export a CSV, or create a free login and view your outstanding bills.

I would be grateful if you could kindly acknowledge receipt of the invoice and let me know when it will be paid. As it goes back to the beginning of April I would be very grateful if it could be paid in the very near future.

Many thanks Pranali.

Nicholas
